# An Untold Story of Umadevi

Revanna Umadevi Nagraj; a name that resonates with the world of cue sports. A world-renowned billiards player who has made her mark in the Indian and international cue sports.

Umadevi's journey, starting from an ordinary family with a looms factory, to becoming a world champion, serves as a true inspiration for many aspiring sportspersons considering cue sports as a career. Let's now listen the untold story of hard work and perseverance crafted by this lady with discipline - *Revanna Umadevi Nagraj*.

# Family Background

Born on February 11, 1965, in the town of Kikkeri, Mandya District, Karnataka, Umadevi belonged to a lower-middle-class family. Her father owned a looms factory, and her mother was a homemaker.

As a part of an ordinary low-income family with five daughters and one son, making ends meet was a constant challenge. Despite the financial constraints, Umadevi's parents wholeheartedly encouraged their daughters to pursue education and sports.

## Early Life

Umadevi completed her schooling in Bangalore and later pursued typing in Kannada and English. After completing her studies, she began her career as a typist in the Horticulture Department of Bangalore.

However, her passion for sports never waned. During her childhood, Umadevi frequently played table tennis with her sisters and friends, which eventually paved the way for her involvement in cue sports.

# An Inspiring Memorable Day

It was one memorable day at *Shri Saraswathi Vidya Mandir School* near Lalbagh, an experience that would forever stir Umadevi's soul. She was in primary school when she learned that *Shri V.V. Giri*, the President of India at the time, and *Mrs. Indira Gandhi*, the Prime Minister, would be passing by her school. Along with her classmates, she stood on the roadside waiting for their arrival.

Seeing them for the first time filled her with immense inspiration, fueling her desire to lead a life that could inspire others. This magical day took an even more special turn for Umadevi when she discovered that her Uncle, *Shri S. Mahalingappa*, who held an M.Tech degree from Annamalai University in Chennai, received an award of appreciation from *Shri V.V. Giri* on the same day for achieving the Gold Medal in B.Tech from Bangalore University. It became one of her most inspiring and memorable days, and *Mrs. Indira Gandhi* also extended her appreciation for his achievements.

# Introduction to Billiards

Umadevi's involvement in table tennis began during her working days. She would play with her colleagues during lunch breaks and after office hours, though she never took it seriously. However, one fateful day, she was introduced to billiards at KGS Club. The moment she held the cue, she knew that this was the sport she wanted to pursue.

Although Umadevi was initially unfamiliar with the rules and basics of cue sports, destiny had chosen her to be on the green baize, earning accolades for her nation.

# Membership Over Ornaments

Umadevi found solace in Billiards and relished the company of some of the finest players. One of the snooker players, Sridevi from KGS Club, introduced her to the *Karnataka State Billiards Association* (often referred to as the Mecca of Cue Sports) to obtain a membership. The membership fee was Rs. 4000, a sum she could hardly afford.

She remembered that she had saved around Rs. 4000 to purchase jewelry for herself, but she made the choice to invest in a membership instead of jewelry, without knowing that one day she would earn the title of *World Billiards Champion*. This choice transformed a piece of coal into a diamond.

# Racquet to Cue Stick

In 1995, Umadevi made the switch to billiards and snooker after being introduced to the game by a colleague. She found the game both fascinating and challenging, leading her to make the life-changing decision to pursue it as a career.

She began her journey at the KGS Club in Bangalore and quickly discovered her natural talent and flair for the game.

## Initial Training & Practice

Umadevi embarked on a journey of regular practice in billiards and snooker, and her potential began to shine through. Yet, she lacked formal training and relied on keen observation of other players. Hours spent at the club, dedicated to practice and skill refinement, were her training ground.

# The Moment

Umadevi's journey to KGS Club from Lalbagh was a multi-bus affair, involving two to three buses. Whenever she arrived earlier than her Table Tennis coach, *Shri Kannan*, she would wait eagerly, closely observing other sports and their enthusiasts. Her curiosity led her to a large green table, which she gazed at in utter surprise, wondering about this unfamiliar sport.

The turning point came when she finally had a chance to be introduced to cue sports. She grasped the cue, took a few shots, and that moment changed the course of her life. The sheer amazement she felt made her a regular at billiards and snooker, playing every Sunday. *Shri Krishna Kumar*, Secretary of KGS Club, initially lent a helping hand in her journey at the KGS Club

Jayaram*, and with the opportunity to play alongside Billiards Champion *B. Bhaskar* and her fellow billiards enthusiasts at KSBA and KGS Club, she honed her skills to perfection.

Participating in state-level tournaments, Umadevi quickly earned recognition. Her outstanding performances led to her winning the *State Billiards Championship* an impressive 13 times and the *State Snooker Championship* 4 times.

# Struggle and Ridicule

Taking the first significant step is often the most challenging part of any journey. Umadevi encountered numerous struggles and endured ridicule during her early days as a billiards player.

Balancing the demands of being a woman in a cue sports environment with her family commitments was far from easy, and she found herself needing to prove her worth at every turn. Many people taunted her and suggested she should quit. Nevertheless, Umadevi remained resolute, undeterred in her pursuit of her passion.
